"A Family-Owned Business Since 1945.
Over 75 years and 3 Generations of Todd's Serving Your Septic Needs."

Introducing the Todd Companies Family Network!!!

For more than 75 years, the Todd Family has been honored to serve the waste water needs of Colorado! As a family, we want to first and foremost extend our deep gratitude for your loyalty to our company. We are so excited to share with you that in keeping with family tradition, we are making some changes that will move our family and our company forward into the next season of growth for the Todds.

*Starting February 1st, our son Jeremiah Todd, will be taking over the pumping business, which has been a foundational part of John Todd Company since 1945. Jeremiah has been with the company as a lead pump driver for more than a decade. Jeremiah will be rebranding the pumping business with his own name, **JT Pumping LLC**, but with the same exceptional service you have always known.*

*In addition, our son Josiah Todd, will be taking over the inspections and small repairs department, which he has overseen for the last 10 years. He holds many certifications in waste water management and repairs. Josiah will be rebranding this arm of the business with his own name, **Colorado Septic Maintenance and Repairs**, but with the same commitment to excellence.*

For any septic pumping or maintenance and repair services after February 1, 2022, please contact them at:

JT Pumping, LLC: 303-658-0384 / diana@jtpumpingllc.com / visit www.jtpumping.com

Colorado Septic Maintenance and Repair: 720-289-9736 / info@cosepticmr.com / visit www.cosepticmr.com

****For future services, please make sure you send payments to the companies directly with the new company name, as shown on the invoice.***

*As the current owner of **Todd Companies, Inc** (DBA John Todd Co) I will continue to head the Septic Installation side of the company, and manage its growth and expansion in the years to come.*

Please direct any questions or appointment requests for Septic Installation to:

Todd Companies, Inc: 303-791-0520 / install@toddcompanies.com / visit www.toddcompanies.com.

*"A Family-Owned Business Since 1945.
Over 75 years and 3 Generations of Todd's Serving Your Septic Needs."*

We are so happy to pass the torch to a new generation and maintain our family legacy of great service to our customers. We know you will be very happy with the continued care you receive from JT Pumping LLC and Colorado Septic Maintenance and Repair. We wish them both many years of continued success.

Thank you again for your patronage over the past 75+ years. With love,

Jack N Todd & The Whole Todd Family
